

Prestige gourmet cuisine in your own home and we won't breathe a word...

Ambassador has been established for more than 30 years as one of London and the Home Counties most prestigious and reputable event management and catering companies.

During the last ten years the current team has organised stunning events and created superb dining experiences for more than 3000 charitable organisations, private and corporate clients. Now with the launch of Ambassador's Kitchen D'Or, you can impress your friends and family with prestige gourmet cuisine from our Star Chefs in your own home.

Ambassador's Head Chef personally supervises a galaxy of stars in Ambassador's kitchens as they lovingly prepare a range of sublime oven ready (or ready to serve) gourmet starters, main courses, desserts and party platters that will delight and amaze your guests. Whilst our Master Bakers also ensure that only the finest organic ingredients are used to create hand crafted artisan bread, pastries and patisserie fresh from the oven every day.

Go on... indulge your family and friends this Christmas with a complete menu from Ambassador's Kitchen D'Or. We promise not to breathe a word!
